Community Banks are facing one of the most difficult economic and regulatory environments in recent years. Condensed into two-and-a-half days, this seminar offers a variety of sessions to help you develop strategies to better manage risk exposures, meet regulatory directives and improve financial performance. Additionally, this is a great opportunity to reconnect with GSBC alumni, faculty and other senior community banking officers from across the country to exchange ideas and discuss the challenges you are facing. You will be certain to return to your organization motivated and ready to utilize new skills and ideas to tackle the challenges your institution is facing today!

Scheduled Sessions

(Visit [www.GSBColorado.org/Other Seminars](http://www.GSBColorado.org/Other_Seminars) for further details and a formal schedule of activities)

- Better Understanding Your Bank's Risk Profile
- Early-warning System to Identify Areas of Examination Focus & Responding to Enforcement Actions
- Establishing an Adequate Loan Loss Reserve: Documentation, Disclosures & Impairment
- Fraud Risks in Community Banks & Fraud Identification
- How to Best Prepare for Your Bank's Next Examination
- Investment Strategies in Difficult Times
- Troubled Debt Restructuring
- Strategic Planning Hints in the Current Environment
- Panel: Strategies for Improving Community Bank Performance in Difficult Times

Benefits of Attending this Seminar:

- Better understand the economic and regulatory environment and how it will affect your organization
- Identify appropriate responses for forward-looking regulation
- Develop specific strategies in funding, lending and managing the securities portfolio to better manage risk exposures
- Appreciate how individual decisions influence your bank's strategic planning process
- Receive a detailed risk analysis of your institution and recommended strategic responses
- Attendees are eligible to receive continuing education credits
